Dear Ms Napravnikova Hana

Greetings from Chaitanya- SMSSS, Shimoga, India

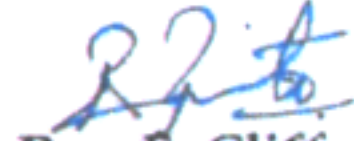

With confidence that you are enjoying the pleasant summer season I write these few lines to thank you sincerely for the support you are extending to us through your generous contribution to educate one poor child **Shreyas R.** from the diocese of Shimoga to provide educational support under Integrated Child Development Programme so that he can have a bright future. With the staff associated with the Child Sponsorship Programme I extend the pleasant greetings of summer to you and to all your family members.

Through your support the parents of **Shreyas R.** can meet the educational expense of their child without any financial burden on them. This support also gives them the assurance that their child would become successful in the future. All the members of the family have conveyed their sincere gratitude to you and to your family for your generosity. I am glad to inform you that presently **Shreyas R.** is promoted to classes of UKG at Vidyaranya Primary School in his hometown Sagar and is happy to continue her studies. His father, **Rajesh**, is working as an electrician and day wageworker and mother, **Anita Rajesh**, is an areca nut peeler. **Shreyas R.** is unable to write a letter to you or express his joy for accepting his to the sponsorship programme. Yet, he scribbled few English alphabets, numbers and drew a picture for your pleasure. In the near future, he will make you happier with a letter.

I am confident that **Shreyas R.** will benefit much from your kindness and generosity. We assure you that we will motivate and encourage him in all the ways possible so that he concentrates on his studies to set a perfect goal for his future. We are proud to inform you that many value-based programs and activities are organized for these children during children's meetings and camps to stimulate in them values required for personality development, thus achieve their goal. Parents of these children too are involved in activities such as meetings and training programs where awareness on how to improve or strengthen family life is given. Our field staff regularly visits the school and houses of these children to monitor their progress, enquire about their health and also collect information about the family.

Once again I thank you for your generosity and kindness to support **Shreyas R.** and wish you good health and happiness. Be rest assured of our prayers. Be healthy and be safe.

Yours in the Lord,

Rev. Fr Clifford Roshan Pinto  
Director, SMSSS
